SERENITY

SHANKAR INDIA

SHANKAR is a Global Lecithin and Phospholipids company head-quartered in India, founded in 1984.

PRO NATURE, PRO FUTURE is the mission the company chose in its new generation and avatar in the 21st century. The Company and its people have committed themselves to develop and gain expertise in natural ingredients for Food, Feed, Health and Industrial Applications.

All products we work on have a clear goal of SUSTAINABILITY and HEALTH. Thus, it supports our goal of commitment to Nature and Future. All our products are derived from by-product/waste of the edible oil refining industry.

SHANKAR EUROPE

SHANKAR Europe is a SHANKAR India Initiative to provide end to end Lecithin solutions with full commercial and technical support in Europe with a base in Italy.

Shankar has the most wide range of Lecithins and Phospholipid products and with this initiative it will bring the best in supply chain for applications of Food, Feed, Health and Personal Care under brand names of ACTISOME, ACTISERINE, NULEC, INNO-PC, INNO-PS, INNO-PHY and A-POLLO.

 Indore, India | Bergamo, Italy
